

DESIGN MINDS 2010

Interior design is only as good as the person behind it. The creator. The design professional who made it happen. Showcasing penthouses to hotels and everything in between, the following pages feature the inspiring work of designers, architects and decorators who give Florida her distinct design aesthetic. From ultra modern to traditional, Art Deco to minimalist, these individuals have worked diligently to move design forward, and for that we salute and recognize their efforts. In this section, we present their philosophies, their work and their personalities.
